Subject: One Bay Area-July 18, 2013 Meeting

One Bay Area, MTC, ABAG and all the other regional commie organizations in the bay area need to go. We need local control, not more centralized control from regional, not elected bodies, from above!!!!!!

Furthermore, having a vote of the board is not fair to Solano County and other small population areas as big cities end up controlling the vote. That is why the country is a Republic, not a democracy. The One Bay Area Groups are just another attempt to promote UN Agenda 21. All the traitors involved in One Bay Area need to go straight to GITMO! You obviously had your fingers crossed when you took an oath to protect the Constitution, both federal and state.
